## Financial Status for Fiscal Year 2000-2001

The California Arts Council (CAC) budget for Fiscal Year 2000-01 consists of State Operations and Local Assistance. State Operations provide the funding for CAC staff and related operational costs such as facilities, peer panels, contracts, data processing and communications. Local Assistance provides funding for all grant awards made by the CAC and for technical assistance to the field. The CAC has four primary funding sources: General Fund, Federal Funds, Graphic Design License Plate Account, and reimbursements.

General Funds account for 95 percent of the CAC's budget for 2000-2001.

Federal Funds are awards received by the CAC from the National Endowment for the Arts (NEA). Each year the award amount varies and the funds are used for support of CAC State Operations, arts in education, and arts for underserved communities.

Graphic Design License Plate Account funds are monies generated through the sale of the Arts License Plate. Funds are used for arts education and local arts programming as defined in state statute. (Chapter 1282, Statutes of 1992).

The expenditures for 2000-2001 are as follows:
